AGENDA ITEM IV

CURRICULAR REVISION

NICHOLLS STATE UNIVERSITY

REQUEST TO TERMINATE THE A.S. IN GENERAL BUSINESS PROGRAM

STAFF COMMENT

The A.S. in General Business program at Nicholls State University is a hold-over degree from the days before a community college existed the local area. With the ongoing development of Fletcher Technical Community College as a comprehensive two-year institution, it is inappropriate for Nicholls to continue to offer this program. Hence, Nicholls requests immediate program termination.

STAFF ANALYSIS

The staff concurs. The University should be commended for the self-review which led to this request.

STAFF RECOMMENDATION

The staff recommends that the Academic and Student Affairs Committee terminate the A.S. program in General Business (CIP Code 52.0101) at Nicholls State University, effective immediately.
